

HEAVIEST IN MANY YEARS

Was Spring Installment of Taxes—L. & C. Pays Heaviest Tax.

Over \$10,500 Received on Last Day—Fewer Delinquents this Year.

The spring installment of taxes paid into the county treasury this year was the heaviest ever known in Rush county. The total amount collected on Monday, the last day for the payment of taxes was in excess of \$10,000 and came in principally in small amounts ranging from \$1 to \$3000. Most of the heavy taxpayers settled their accounts with the county before the last day and only the smaller accounts were left.

The fall taxes are now due, but the spring installment that has not been paid is delinquent and a ten per cent. penalty is added.

County Treasurer Blackledge stated last evening that the number of delinquents is not as large this year as usual. There are always a few who do not realize that tax paying time is upon them until it is over, and others who live in other cities neglect to remit their money.

On Monday, over \$10,500 was collected in taxes. On May 4th, \$8700 was collected; On May 5th, the taxpayers turned in \$7000; on May 1st, \$8000; April 25th, \$6000; April 28th, \$6500, and on April 26th, \$5000 was paid in.

People often wonder who pays the most taxes in Rush county, and what the amount is. There are many large tax payers in the county, but the L. & C. traction company as a corporation has them all beat a block. Its tax for the spring installment amounted to \$3078.88. When one takes into consideration the vast amount of taxes a railroad company must pay, the amount seems almost inconceivable.

Of the \$3078.88 paid in by the traction company, the city of Rushville gets \$918.25. The company paid about \$1500 in taxes in Shelby county, this spring.

The Big Four company paid \$2601.31 in taxes in Rush county, this spring and there is about \$500 in road tax to come on top of that. The L. E. & W. company paid \$140 to the county this spring.

CIRCUS IS COMING HERE MAY 29

Van Anburg's Tented Shows Will Arrive Over the Big Four From Greensburg.

The small boy will soon be in the height of his glory. The industrious and proud youngster will begin immediately to save his pennies. His less fortunate rival will go into training, preliminary to carrying water for the elephant, or will read up on the subject, "How to Slip Under the Walls of a Show Tent." A real live circus is coming to town, so the Republican is informed by Agent Coverston, of the Big Four. VanAnburg's is the name. It travels on a train of twelve cars and will exhibit here, Tuesday, May 29th. The local Big Four office has been notified to receive the cars. On the 28th, the show will exhibit at Greensburg, and on the 30th of May it stops at Shelbyville.

—Attorney Ed. Adams, of Shelbyville, was here today on business connected with the Haehl divorce case.

—Miss Marie Clark has returned home from a visit with her sister, Mrs. N. G. Wills, of Connersville.

—Mrs. Anna Martin, of Little Rock, Ark., and Mrs. Carrie Byron, of Lebanon, will come next week for a visit with Mr. and Mrs. A. F. Stewart and other relatives.

MAY BE PLACED ON RETIRED LIST

Col. E. H. Wolfe, of This City Interested in New Bill by Senator Nelson.

Senator Nelson, author of the bill before Congress to create in the War Department a special roll to be known as the "Volunteer Retired List," and to authorize the placing thereon with pay certain surviving officers of the volunteer army of the civil war, has submitted to the Senate the names of men who would be beneficiaries under such an act. The total number of known eligibles is 143. Among the brevet-generals of volunteers from Indiana, mentioned as eligible, is the name of Col. Edward H. Wolfe, of this city. Col. Wolfe made an enviable record during the Civil war and it is most fitting that he should be recommended as one to be benefitted by the bill should it become a law.

THE MANILLA COMMENCEMENT

Address by [Rev. Kuhn Last Evening—Three Graduates.

The ninth annual commencement of the Manilla high school was held in the M. E. church at that place Wednesday evening. Rev. T. H. Kuhn, of Richmond, one of the prominent ministers of the State delivered the class address. The subject selected was "Education." Montani Brothers, of Indianapolis, furnished the music. The class this year was composed of Misses Anna Haehl, Nellie Riggsbee and Carrie Hester. The presentation of diplomas was made by County Superintendent Headlee. The invocation and benediction was by Rev. W. G. Proctor. The church was nicely decorated for the occasion and the commencement was attended by a large number of people.

The class colors were pink and green. These predominated in the decorations. The class motto is "Non Confectus, sed Initus."

KUHN WILL HAVE THINGS HIS WAY

Richmond Minister Has No Opposition For Democratic Congressional Nomination.

The Rev. T. H. Kuhn, pastor of the Christian church in Richmond, now stands a good show to win a bloodless battle in his race for the Democratic nomination for Congress at the hands of the district convention which will be held at Greenfield on May 30th. Up to date there is no opposite candidate. The Republican majority in the Sixth district is not inviting and Democrats who are willing to sacrifice themselves are not offering themselves.

According to the Democratic press, the Rev. Mr. Kuhn will be nominated by acclamation.

It is still asserted that a warm time will result over the Sylvester Meek matter. Meek, who is the district chairman, stands with Taggart as against the opposition to Taggart and State Chairman O'Brien. Some of the leaders of the district are with him; others are pronounced in their political enmity. The convention may witness a beautiful row.

—Miss Dessie Dailey, of Fayette county, is the guest of her sister, Mrs. B. F. Miller.

—John D. Megee spent the day in Indianapolis.

CLASS SCRAPS ARE SERIOUS

Life is Endangered and Nothing is Accomplished in Educational Way.

Shelbyville Morning News.

Class scraps of school boys and girls are serious affairs. There is no enlightenment in such foolishness and nine out of ten times there is some serious results. The participants are more or less injured, property is destroyed beyond reason and life itself is endangered. The spirit prevails more extensively in the larger colleges and extends down to smaller colleges, high schools and in some few instances to graded schools. The cause for such a spirit is not known, but each year is becoming more apparent.

The News is extremely glad that such a class spirit does not prevail in Shelbyville. The teachers have been instrumental in quelling the uprising and the class leaders themselves have done the school honor in an endeavor to find some other means of relieving the pent up energy. Early in the fall of the present school term, Jakiel Joseph, editor of the High School Squib, wrote a strong editorial denouncing such practices, which article was printed in the News.

In Shelbyville, receptions are tendered by one class to another which appears much more civilized than the class fights apparent in other cities. In Rushville, it is thought the beautiful \$30,000 school house was burned by just such foolishness. As a result the pupils who participated are in danger of a law suit.

In addition to its account of the destruction of the high school building in this city, the New Castle Courier says: "The New Castle high school has been having a 'spasm' that might result in something like the foregoing catastrophe. The school authorities and citizens in general trust that the boys who have been indulging in scraps" will learn a timely lesson from the Rushville case."

COMMENCEMENT AT FALMOUTH

To Be Held May 17—Address by F. T. Roots—Music By Connersville Orchestra.

The Connersville News of Wednesday says: "Trustee Alva E. Bilby was in the city, yesterday, and engaged Carl Smith's orchestra for the Fairview township commencement to be held at Falmouth, May 17th. He says this orchestra furnished the commencement music last year and he believes that they are now better than ever before. The class address will be given by Hon. Frank T. Roots. The graduating class is composed of three eleventh year pupils and eight eighth year pupils. The high school graduates are Misses Frances Rees, Estella Shortridge and Lola Saxon."

MILROY OPERA HOUSE PAYING PROPOSITION

A few public spirited citizens in our neighborhood town of Milroy, erected an opera house in that place, four years ago at a cost of \$8000. They have a business room below that rents for \$400 per year. In the four years they have paid \$1200 to the manager of the house and paid \$4000 on the indebtedness, \$1600 of the amount coming from rent of the business room and the balance from rent of opera house. If Milroy with 1000 of population can support an \$8000 opera house successfully, our city with a population of 6500 ought to successfully support a \$20,000 one.

THE MASONS OF INDIANA

Suffer Heavy Loss in the Burning of the Grand Lodge Building.

Fire is Thought to Have Had its Origin in Crossed Electric Wires.

Indianapolis, May 10.—Indiana Masons late yesterday afternoon suffered a \$50,000 loss by the partial destruction by fire of the temple of the Indiana grand lodge, F. and A. M., corner of Washington street and Capitol avenue. The fire, which started on the fourth floor or garret of the Masonic building, supposedly from crossed electric wires. When the fire department arrived it had gained great headway. Burning brands from the garret fell to the lower stairways in such quantity that soon after the firemen arrived the exits were blocked by debris, and persons in the offices on the second floor were compelled to climb to the ground by means of the fire escape.

Daring work of the fire-fighters with the falling debris, narrow escapes from serious injury and efforts of those on the second floor to escape, made the conflagration one of the most spectacular Indianapolis has had in several years. Thousands of persons rushed to the scene, but the prompt work of the police in stretching ropes outside the places of danger held the crowd from the burning building and gave the firemen free play.

That there was no loss of life is regarded as remarkable, as the firemen took the greatest risks, and time and again were apparently enveloped in flames as they stood on the high ladders or high on fire escapes and fought the blaze from without. The heat was so intense and the smoke so dense that it was impossible to carry lines of hose inside the building until the flames had been partially subdued, but not a minute was lost in entering when such was possible.

When the fire was discovered it was breaking through the roof over the front skylight, and must have started several minutes before. No one was above the second floor of the building at the outbreak, and before the occupants knew that the temple was ablaze the fire alarm had been sounded. The exact property loss cannot be determined for several days, as it depends very largely on the extent of damage to the paraphernalia and furnishings of the Masonic lodgerooms. The loss was variously estimated, the figure of \$50,000 being that most generally accepted.

The building, which is owned by the Indiana grand lodge, F. & A. M., was not greatly damaged by fire below the third floor, but on the fourth floor the damage by water was heavy. The grand lodge hall, in a two-story brick structure just south of the temple, was not touched by the fire, and was only slightly damaged by water.

MEMORIAL DAY IS DESIGNATED

In the briefs issued by Charles Shiveley, supreme chancellor, Knights of Pythias, attention is called to the provision of the supreme statutes, which fixes Tuesday, following the second Sunday in June of each year as Memorial day of the order of Knights of Pythias. All bodies of the order are requested to meet in their respective localities on this day for the purpose of engaging in such services and exercises as may be appropriate for the occasion. Every subordinate lodge is expected to observe these ceremonies.

Delaney claims to have been struck on the head, but he claimed that he does not know who did it.

LOCAL PEOPLE ARE IN TROUBLE

Jacob Yancey and Josephine Swanigan Figure in Paternity Suit.

Wednesday's Shelbyville Republican says: "A warrant for the arrest of Jacob Yancey, 22 years old, a paper hanger, of Rushville, has been issued from Justice Keith's court on an affidavit sworn out by Miss Josephine Swanigan, sixteen years old, charging paternity.

Yancey was arrested Wednesday at Morristown, by Deputy Sheriff Jasper Ritchey and brought before Squire Isaac Keith. Miss Swanigan at the present time is staying with relatives in this city, but her parents, Mr. and Mrs. John Swanigan, reside at Rushville. A few months ago, however, they lived near Geneva.

"The arrest of the young man attaches unusual significance to an attempt the young lady made a few months ago to commit suicide at the home of her parents near Geneva. It was stated at the time that she was worrying because young Yancey had transferred his affections to another young lady, but it was not suspected that the affair was so serious as it has since proven to be.

"Yancey gave bond in the sum of \$300 to appear before Squire Keith to answer to the charge Friday morning at 9 o'clock."

RUSH COUNTY IS BEHIND IN ROADS

County Has Fewer Miles of Gravel Roads Than Most Indiana Counties.

Rush county lags behind in gravel road mileage as compared with many Indiana counties, according to reports received by State Statistician Stubbs from the auditors of the various counties of the State. A few counties did not report. The total number of miles of free gravel roads as reported by county auditors is 16,268.94 miles, partly as follows: Adams, 12; Blackford, 130; Delaware, 190.50; Fayette, no report; Grant, 450; Hamilton, 450; Hancock, 202; Hendricks, 184.25; Henry, 240; Howard, 263; Huntington, 210; Jay, 299; Miami, 115; Randolph, 300; Rush, 150.15; Shelby, 184; Wayne, 153; Wells, 452.

The total cost maintaining the gravel roads of Indiana in 1905 was \$928,329.88, as against \$882,756.43 in 1904; \$385,983.06 in 1903, and \$694,001.23 in 1902.

THE HITCH RACK CONUNDRUM

Is Bothering the City Dads of Shelbyville—Result of Questionnaire.

The question of abolishing the hitch racks from the public square is being agitated in Shelbyville in order that the square may be improved and a "beauty spot" be placed in the center.

A gentleman of that city interested, addressed a questionnaire to the clerks of forty-four cities in Indiana, as follows:

(1) Do you allow your hitchracks to be maintained upon your prominent business streets? (2) Do you maintain hitchracks? (3) Where do you allow the hitching to be done? (4) If around your court house, is it on the sides that the most business is carried on?

The answers to these questions developed the fact that of the twenty-six towns with a population of seven to twenty thousand, twenty-four maintain no hitching on the business streets or square. Some have provided hitching on the side streets. Many have hitch-rings in the curbs. Two of the twenty-six hitch around the court house and business is carried on around this.

Of the towns ranging in population from five to seven thousand, eight maintain no hitching on the business streets and the arrangement for hitching is about the same as the larger towns. Of the six that allow hitching, four have hitching around the court house and business is around this. Two of the six have their court house facing the business district and has the hitching on three sides but not on the main street.

The city clerk of Rushville answered as follows: "The merchants pay twenty-five cents per week for the maintenance of hitch racks. A vacant lot is used for this purpose and a competent man is in charge at all time."

The farmers are a class of people upon whom a city depends, yea the country, and the hitchrack agitation in Shelbyville has reached immense proportions. The question will probably come up for final settlement next Saturday evening.

Tailless horseshoes are badly needed, owing to the injury done by nails to the hoof of a horse. A horseshoe carrier fitting the hoof, and to which the shoe can be easily affixed, is the latest invention to solve the difficulty.

A jurymen went to sleep the other day during the closing speech of one of the counsel in the case in an English court. The judge had him awakened and sternly rebuked him. "My lord," said the juror, "I was under the impression that I was sworn to give a verdict according to the evidence, not according to the speeches."

THE CARTHAGE HIGH SCHOOL

Is Closing Term This Week—Large Class Graduating.

Interesting Class Day Exercises Were Held Wednesday—Large Sale of Tickets.

[Special to the Daily Republican.]

Carthage, May 10.—The Board of Education met Monday night and retained all of the present teachers with the exception of the superintendent.

The school is in a splendid condition. Under the capable management of Supt. Mangrum good discipline has been at all times maintained and his work has been entirely satisfactory to the Board. With an enrollment of about 180, eighteen young men and young women are about to be graduated. It is the largest class in the history of the school, and the average grades are the highest. This high standard prevails in the lower grades as well as with the Seniors.

Carthage takes a pardonable pride in its fine school building and in the rank the school holds as compared with larger schools.

The auditorium was filled Wednesday afternoon for the Class Day program. Branches of dogwood blossoms made the stage a bower of beauty. The class motto, "To be all I can," was hung at the back of the stage. The miscellaneous program was well rendered.

The closing number was "the court scene" from "The Merchant of Venice." Following is the cast of characters: "Duke of Venice," Roy D. Bundy; "Antonio," Rupert H. Stanley; "Bassanio," Howard Newsom; "Salarino," Fred B. White; "Gratiano," Merrel Coffin; "Shylock," Russell Phelps; "Portia," Hazel C. Binford; "Nerissa," Gracie Reddick.

A class song by all the Seniors was followed by an enthusiastic yell. Prof. Orr deserves much credit for the success of the play.

The art exhibit, under the direction of Miss Whitney was visited by all the guests, who spoke in highest praise of the many excellent drawings. There were several out-of-town visitors.

The commencement exercises will be held Friday night. President Parsons, of the I. S. N., will deliver the address. In less than an hour after the sale of commencement tickets began, there were but about a dozen left, and they were soon taken. About sixty chairs were sold in addition to the regular seats.

A DELIBERATE SNUB

Democratic State Committee Ignores
the Holtzman Movement.

Indianapolis, Ind., May 10.—The Democratic League for the Recovery of Majority Rule was ignored at the meeting of the Democratic state committee. It was expected that an effort would be made to line up all of the district chairmen against the reorganization movement inaugurated by Ex-Mayor John W. Holtzman. It was thought that secret conferences and all sorts of wire-pulling would be the order of the day on the Taggart side of the party, but no more attention was paid to the league than if it had never been born. Regardless of whatever personal views they had, all members of the committee kept silent about the league while the committee was in session. In fact, it was a well executed, deliberate snub, calculated by the Taggart contingent to show the masses that the league is not taken seriously. Taggart and O'Brien were assured outside the committee headquarters, however, by nearly every committeeman, that the league is not making any headway in their districts and that they are not in sympathy with it. According to their statements there is nothing left undone but the writing of the obituary of the league.

The meeting of the Democratic state committee yesterday marked the retirement of Thomas Taggart as treasurer of the organization, a position he held many years because of his ability to finance campaigns. Chairman Risk, Tenth district, came here insisting that it would be good politics for Taggart to retire as treasurer, and he did so voluntarily. It was announced today that Hugh Dougherty, president of the Marion Trust company, and one of the best-known Democrats in Indianapolis, has been appointed treasurer. His appointment is expected to prove satisfactory to all party workers. Taggart is no longer officially connected with the organization. The following executive committee of the state committee was appointed: Members at

large, Major G. V. Menzies of Mt. Vernon; B. F. Shively, South Bend; Lew V. Ulrey, Fort Wayne; John W. Kern, Indianapolis. District members: First, John J. Nolan, Evansville; Jacob Harlem, Mt. Vernon; Second, W. B. Robinson, Vincennes; Fa'bus Gwinn, Shoals; Third, Thomas Hanlon, New Albany, Philip Zoercher, Tell City; Fourth, Thomas Honan, Seymour; Robert Creigmill, Osgood; Fifth, John E. Lamb, Terre Haute, J. S. McFadden, Rockville; Sixth, U. S. Jackson, Greenfield; Seventh, M. A. Ryan, J. E. Bell, Indianapolis; Eighth, L. G. Ellingham, Decatur, Edward Seamans, Winchester; Ninth, William Johnson, Crawfordsville, Charles Pollard, Delphi; Tenth, G. L. Robey, Fowler, Lawrence Becker, Hammond; Eleventh, G. W. Palmer, Logansport, M. T. Shively, Marion; Twelfth, W. H. Lees, Waterloo, William Kobough, Fort Wayne; Thirteenth, Henry Barnhart, Rochester, J. C. Fletcher, Knox. In the appointment of the committee an effort was made to recognize all factions of the party. Major Menzies is regarded as an anti-Taggart man. Lew V. Ulrey was one of the bitterest opponents of O'Brien and Taggart at the reorganization in January. Shively is acceptable to nearly all elements, while Kern is regarded as the lieutenant of Taggart. The members of the committee seemed of the opinion that the talk of a split in the party owing to the efforts of the majority rule league, will soon blow over and that the party workers will get together in good shape after the state convention.

Chairman O'Brien, who presided over the meeting of the state committee, said that he is receiving letters from Democrats throughout the state urging him to stand pat and to make a fight for the organization if necessary. The letters are of a very encouraging and complimentary nature. O'Brien said that nearly forty Democratic counties have good rules for electing delegates and for holding primaries, and that the talk of necessity for new rules was due very largely to newspaper agitation. O'Brien is confident that the efforts of Holtzman and the so-called reorganizers will not bear much fruit.

The Democratic papers of the state are beginning to ridicule the majority league rule and to criticize its leaders. E. E. Cox of Hartford City, president of the Democratic Editorial association, who was here last night said that he is vigorously opposed to any effort to change the rules or abolish the present organization. He asserted that Holtzman is playing the "baby act" because he was beaten for mayor last year, and that Democrats generally are not in sympathy with him.

The Democratic state committee unanimously selected Benjamin F. Shively of South Bend for permanent chairman of the coming state convention. He will deliver the keynote speech. James K. Risk of Lafayette, M. A. Ryan of Indianapolis, and P. J. Coyle of Peru were appointed to make arrangements at Tomlinson hall for the convention.

KNIGHTS TEMPLAR MEET

Conclave at Winona Attracts Much Attention.

Winona Lake, Ind., May 10.—The Knights Templar of Indiana began their annual convlave yesterday afternoon, and it will continue through Friday. The convlave has been planned along such elaborate lines that it will spread over the wooded acres on the shores of Winona Lake and over most of the city of Warsaw, and it promises to be notable on account of attendance and social features. It is probably the first time the grand mandemary has arranged to spend three days at a convlave, and it is also the occasion of marked interest on the part of the Order of the Eastern Star because of the entertainment which has been provided for the women of the order. Prize drills will be a feature of the convlave.

Patients Safely Removed.

Richmond, Ind., May 10.—Fire did \$1,000 damage to the Eastern Indiana hospital. The fire was in the woman's hospital building. There were forty patients in the building, and they were removed without difficulty when the fire was discovered. The employees of the institution worked with great energy to stop the progress of the flames and succeeded in saving the structure, as well as the buildings surrounding it. The upper part of the hospital was considerably damaged, and some damage also resulted from water seeping through the ceiling.

Hanged in Barn Loft.

Princeton, Ind., May 10.—Calvin Carthens, thirty-five years old, a well-known resident of this city, committed suicide by hanging in his barn loft. There was absolutely no reason for the suicide. He leaves a widow and children.

Washington, May 10.—The senate has confirmed the nomination of the following Indiana postmasters: W. G. Bridges, Greenfield; L. Worl, Matthews; J. A. Spekenhire, Richmond.

Haul Provision Voted Down by
His Own Party.

Washington, May 10.—The senate spent the greater part of yesterday again in the consideration of the question of divorcing the production of coal and other commodities from their transportation, and closed that branch of its work by adopting a modified provision formally offered by Senator Elkins, but originally suggested by Senator McLaughlin. There was again much sparring over parliamentary points, but there was at no time as much confusion as on Tuesday, and when the coal question was finally closed the progress was so rapid that the first section was entirely disposed of before the senate adjourned. Other amendments were also adopted, but a long and short haul provision suggested by Mr. LaFollette was voted down by practically a party vote, all but two Republicans voting against the amendment.

When the senate adjourned there was a general feeling that the rapid work of the latter part of the session presages the early final disposition of the bill. None of the Allison compromise amendments was considered.

After disposing of the question of the transportation of coal, the senate proceeded to the consideration of other amendments to the railroad rate bill, voting some down and accepting others, but acting on all practically without debate. Following are the amendments that were accepted:

By Mr. Elkins—Requiring carriers to put in switches for shippers on reasonable terms; by Mr. Bailey—Including sleeping-car companies and express companies in the bill; by Mr. Warner—Providing that "it should be the duty of carriers engaged in interstate commerce to give equally good service and like accommodations to all persons paying the same compensation for interstate transportation of passengers."

One of the amendments voted down was that offered by Mr. Elkins requiring one road to make connection with others and to pro rate with them, and another provision thus disposed of was the McCumber amendment requiring railroad companies to supply all the special cars required for the proper conduct of its business.

The Day in the House.

Nearly the entire time of the house was taken up by two propositions—first, whether the navy department should go into the open market and purchase anchors, chains and cordage or continue to manufacture these articles in the government navy yards, as is now done; and, second, whether the cost of transporting coal from Atlantic and gulf ports to the Philippine Islands in American bottoms should be limited to \$5 or \$6 per ton. On the first proposition a resolution giving the secretary of the navy the right to purchase the articles above referred to in free markets, should it be demonstrated that they could be had from manufacturers cheaper than they could be made at government navy yards, was adopted, 85 to 76. As to the second proposition, limiting the cost of transportation of coal to \$5 or \$6 per ton, the efforts put forth were of no avail, although votes were had on both amendments limiting the cost.

Seized Mutual's Books.

New York, May 10.—Detectives from the district attorney's office visited the supply department of the Mutual Life Insurance company and took possession of account books, canceled checks and one document which they conveyed to the criminal courts building. There District Attorney Jerome and several of his assistants examined the papers. It is believed that Mr. Jerome was seeking data for use by the special insurance grand jury.

An Eye on the McCurdys.

New York, May 10.—At the district attorney's office it is announced that both Richard A. McCurdy, former president of the Mutual Life Insurance company, and his son, Robert H. McCurdy, will be available when wanted in the investigation into insurance matters now conducted by Mr. Jerome. It was announced also that despite reports to the contrary, Robert H. McCurdy is in this country. His father is in Europe.

Death May Quash Indictments.

Parkersburg, W. Va., May 10.—Under indictment for three charges of larceny, J. Henry Fischer, for twenty years treasurer of the Homestead Building association, which is now in the hands of a receiver, is dying at his home and probably will not live to be put on trial. The building association recently passed into the receiver's hands because of a shortage of \$70,000 in its accounts.

DEFINITE ANNOUNCEMENT

Insurance Companies Will Promptly
Pay San Francisco Losses.

San Francisco, May 10.—Financial interest today centers in the announcement made by the insurance companies that in the immediate future they would pay losses of the fire sufferers. It is believed that most of the money will be put into general circulation, and when it is distributed will relieve the people of San Francisco as no other means could.

This news was welcome, not only to the policy holder, but also to the banks, that have been doing their best for the public with the resources at their immediate command necessarily limited. The announcement was official to the extent that it was given to the subcommittee of the citizens' general committee and duly reported at the general committee's daily meeting. With the announcement that losses will soon be paid, the insurance interests have made the concession that salvage operations on property swept by the flames may be proceeded with. Policy holders may save anything they can find without fear of risking the loss of their claims for insurance.

To a great extent the work of demolishing walls and clearing away debris has been postponed because of the doubt regarding the attitude the insurance companies would take. The work of contracting and wrecking companies has been deferred awaiting a definite statement.

ARBITRATION PROPOSED

Soft Coal Squabble May Go to President Roosevelt.

Chicago, May 10.—Yesterday afternoon's session of the coal operators of Illinois, Indiana and Ohio was occupied by the discussion of the best way to lay their proposed plans of arbitration before President Roosevelt. No definite conclusions were arrived at and at the close of the meeting the representatives of the Ohio Operators' association met in executive session to determine what action of the concerted associations it will endorse. The Illinois and Indiana members met this morning and the representatives of the three associations as well as the representatives of the association of the Western and Southwestern states will meet in the afternoon to cast a final vote on the question of the personnel of the committee to be sent to Washington and the representations to be made.

J. W. Winder of Columbus, Ohio, chairman of the Ohio delegation, in speaking of this meeting, said: "The operators stand absolutely pat, and it has simply been a question of the best way to present our case."

IN BISHOP'S HANDS

Dr. Crapsey Will Soon Know the Verdict in His Case.

Batavia, N. Y., May 10.—The ecclesiastical court which tried Dr. Algonon A. Crapsey, rector of St. Andrews church of Rochester, on a charge of heresy, has ended its work. A verdict was reached and the document containing the findings of the court was drawn up, signed and forwarded to Bishop Walker at Buffalo. Until the verdict has been reviewed by Bishop Walker no official information as to its contents can be secured. The published statement to the effect that the court had voted 4 to 1 against Dr. Crapsey on both specifications is declared to be only guesswork.

Dynamite Plot Frustrated.

Jefferson City, Mo., May 10.—An infernal machine was found under the window of Governor Folk's office by a lawn mower. It was examined and found to be loaded with nitroglycerin and had a tube with a dynamite cap attached to it. Had it been struck by the lawn mower it would have blown the governor and most of the capitol building into the Missouri river.

The Return to Peterhof.

St. Petersburg, May 10.—The emperor and empress and their children have been transferred from the imperial residence at Tsarskoe Selo to the Peterhof palace here.

CAUSE OF UNDOING

Bucket Shops Prove the Downfall of
Trusted Bank Clerk.

Philadelphia, May 10.—Charged with having embezzled upward of \$100,000 from his employers, Edwin S. Greenfield, head clerk of the banking and brokerage firm of Harrison Snyder & Son of this city, was arrested here and held in \$10,000 bail by a police magistrate for further hearing. In default of bail he was sent to the county prison.

Greenfield has made a full confession and is doing everything possible to assist the firm in straightening out its tangled books. Greenfield is about thirty years of age and has a wife and two children. He rose from office boy to the position of head clerk and trusted representative of the banking house. Greenfield admitted that he took money at various times during the last six years, and that he lost most of it speculating in bucket shops. He could not give even an approximate figure of the money he had taken. The accountants believe the amount of money embezzled will be considerably over \$125,000, and may reach \$175,000.

Dock Strike Settled.

Cleveland, O., May 10.—Following conferences between President Keefe of the 'Longshoremen's union and allied labor interests and representatives of the dock managers, it was announced last night that the strike of the 'longshoremen on the lakes has been settled. The men will go back to work on the basis of last season's wages pending another conference.

Fast Train Takes the Ditch.

San Jose, Cal., May 10.—At Edenvale, seven miles south of this city, the Southern Pacific Overland Limited, westbound, running fifty miles an hour, was ditched. A tramp was killed and thirty or forty passengers, mostly Chinese, were more or less seriously injured.

A Special Honor Roll.

Washington, May 10.—Senator Dick has introduced a bill proposing that a bronze medal of honor shall be issued to each surviving soldier who enlisted under the first call of President Lincoln for 75,000 troops.

THE BREAK COMPLETE

Count Witte's Relations With Czar Formally Severed.

St. Petersburg, May 10.—The dread that some unfortunate event might occur to mar the solemnity of the great day of Russia's new birth was largely dissipated last night when members of the radical revolutionary parties of St. Petersburg issued an announcement disclaiming any intention of attempting demonstrations today on the assembling of the national parliament, and calling upon their fellows to refrain from displaying red flags or singing the "Marseillaise," and to avoid all conduct that would tend to bring about a conflict with the police. The most sensational news of the day is contained in the announcement of the names of the appointive members of the council of the empire, in which list Count Witte is conspicuously absent. No explanation is obtainable, but the omission of the former premier's name would seem to indicate either an open slight on the part of the emperor or a determination on Count Witte's part to withdraw altogether from public affairs. In either case there is a complete break in the relations between the monarch and the servant whose monument is the national parliament, the laws for the creation of which were elaborated under his supervision. It is understood that Count Witte will leave immediately for a foreign country.

HORSE FLESH IN GREAT DEMAND

Prices Higher Than For Years—Liverymen Having Trouble.

Never in recent years has horse flesh been as expensive as it is today. Horse buyers all over the country are paying exorbitant prices for almost any kind of an animal. Liverymen are experiencing the most trouble in finding suitable horses for their business, while draft horses for ordinary purposes are holding their own in the market.

A well known liveryman and horse-buyer states that it is almost impossible to buy good horses at this time for livery business. This business is very exacting and to get a horse well adapted to the demands of the business requires an expenditure of not less than \$175, and usually more.

The farmers are paying high prices for horses, and now since spring work has begun the demand has forced the prices higher. However, local horsemen predict that the prices will fall within the next few months, as there will be a natural reaction from the present forced prices and as soon as spring plowing is completed there will be many draft horses thrown on the market.

EFFECTS OF EARTHQUAKE FELT AT RUSHVILLE

The effect of the San Francisco disaster is being felt in this city. The earthquake has raised the price of oranges and other fresh fruits besides all of the canned goods prepared at San Francisco.

Oranges have risen at the rate of five and ten cents a dozen, and the other goods have risen in the same proportion.

The Rushville market is now furnished with Georgia, Louisiana, Florida and Alabama strawberries which are selling at 15 cents a quart. The Tennessee and Kentucky berries are now beginning to arrive. Cucumbers from Georgia and Florida are beginning to arrive. New peas and beans and tomatoes are also on the local market and may be obtained at a nominal price.

HEALTH IN RUSHVILLE

F. B. Johnson & Co. Say Care of Digestion Solves Problem of Long Life.

F. B. Johnson & Co. believe that the problem of long life is solved by proper care of the digestive organs. Let the stomach get out of condition and soon there will be nervousness, irritation, furrowed tongue, specks before the eyes, weakness, debility, indigestion and other physical and mental troubles that directly result from a weakened stomach.

Of all the vital organs, the stomach is the most frequently abused, and hence, the one which most frequently fails, and so with the discovery of a remedy like Mi-o-na stomach tablets, which is sold on an absolute guarantee to strengthen the digestive system, aid in assimilation of food, and cure all troubles caused by indigestion, an important step has been taken towards solving the question of good health and long life.

F. B. Johnson & Co. sell Mi-o-na on an absolute guarantee to refund the money if it does not cure. A large box of the tablets costs but 50 cents if it helps you; nothing if it fails.

RESOLVED!
THAT SOME PEOPLE DON'T KNOW
HOW TO DRESS THEMSELVES, WHY
DON'T THEY GO TO A SHOP THAT
MAKES A SPECIALTY OF DRESS-
ING PEOPLE? WHEN YOU ARE SICK
YOU DON'T DO YOUR OWN LAW BUSINESS
WHY NOT LET THOSE WHO KNOW
HOW DRESS YOU
BUSTER BROWN.

Yes, a business man is just as much a "professional" man as is a lawyer or a doctor. There are good lawyers and doctors and bad ones. You go to the doctor who has a reputation. When you are clothes-sick why not come to the merchant who knows what to prescribe for you? Our reputation is our diploma. Ask our patrons whether or not we have given them clothes that have cured them from looking bad and made them feel good. Ask them if we have overcharged them. Judge for yourself.

If your old suit needs just a "little tonic"—necktie, collars, and cuffs, shirts, hosiery and underwear, we have that too.

No one likes medicine that tastes bad when he takes it. We try to sugar-coat all of our medicine with polite attention to every patron.

Respectfully,

MULNO & GUFFIN.

LOCAL BREVITIES

Fair tonight and Friday. Rising temperature.

Workmen repaired the leak in the water main on Main street in front of Thompson's saloon today.

"Never trouble trouble till trouble troubles you"—and then take the sting out of it with a want ad.

St. Paul Telegram: Lon Harcourt, of near Moscow, was here last Friday and purchased two fine buggies.

The Ladies Missionary Society of St. Paul's M. E. church, met this afternoon with Mrs. O. H. Parsons, of North Main street.

Mrs. Newland is ill with acute indigestion at the home of her son, George Newland, on the Wallace farm, southwest of town.

Add Anderson, of Gwynneville, was severely injured a few days ago by falling from a house which he was building near Carthage.

Mrs. Dr. Johnson, of Newport, underwent a successful operation for floating kidney at Sexton's sanitarium this morning. She is doing nicely this evening.

John M. Lee, son of Mr. and Mrs. E. A. Lee, of this city, who is a student at the Miami Medical College, Cincinnati, and who has been quite ill for the past few days, is now better.

The new bar fixtures which were installed in the Office Bar saloon, next to Betker's cigar store, today, are of a very massive and elaborate design, making this bar one of the finest in the city.

Under direction of the new city council at Shelbyville, the law against saloons and resorts is being enforced. The saloon law was enforced last Sunday. Louis Kurtz was arrested for not complying with the new order.

A team of horses drawing a dump wagon at work on the traction grade, east of this city ran away yesterday afternoon, throwing the driver to the ground and severely spraining his left ankle. Dr. E. I. Wooden dressed the injury.

Connorsville News: It is reported at Orange that Maurice Young, the boy who mysteriously disappeared last week, had been seen at Rushville, Monday. It is said that he had been at work for the I. & C. traction company and was in the act of starting for Idaho when seen.

George W. Thomas has returned from Waukesha, Wis., where he purchased a fine yearling heifer at Frank Harding's sale of fine shorthorn cattle. Forty head of cattle were sold at an average price of about \$400. A yearling bull brought \$835. The sire and dam of the heifer purchased by Mr. Thomas are imported cattle.

Lon R. Mauzy, of Indianapolis, writes the Republican today that he received a telegram at 6 o'clock last evening from Z. E. Mauzy, 629 Thirty-Seventh street, Oakland, Cal., announcing that a fine baby girl was born to Mr. and Mrs. Albert Schroth. Mrs. Schroth was formerly Miss Louise Manzy, of this city. The telegram stated that both mother and daughter are doing fine.

A newspaper office is supposed to be the proper place to go for information on all kinds of subjects. Sometimes the editor knows, and sometimes he doesn't. We recently received the following communication from a subscriber near Milroy: "What is the matter with my hens? Every morning I find two or three lying on their back, toes curled up." We have given the matter considerable thought, and will venture the opinion that the hens are dead.

The boys of Rush county should keep in mind the fact that George W. Thomas offers \$75 in cash prizes at the State Fair this year, for the best shorthorn calf under one year of age, raised and exhibited by a boy under sixteen years of age. The prize money will be divided as follows: First prize, \$35; second prize, \$20; third prize, \$15; fourth prize, \$10; fifth prize, \$5. A similar prize will be offered at the Rush county fair this year. On this occasion the first prize will be \$10 and the second \$5.

Miss Lytle, representative of E. S. Burnham Co. will be with us from Tuesday until Saturday to demonstrate JELLOON. We invite the ladies of Rushville to visit our store, and see the quality of this article and the many attractive and delicious dishes which one can make of it.

716 RUSH COUNTY GROCERY CO.

Notice to Water Consumers.

Water Rents for ensuing year must be paid on or before May 1st, 1906 at the office of the Superintendent in the City Building. Oliver Ong, Supt.

—Miss Erla Roney, of Richmond, is the guest of Miss Ella Wilson, of East Second street.

—W. T. Jackson, of Joel Wolfe Post, G. A. R. will go to Indianapolis tomorrow to assist in auditing the books of the State Adjutant General G. A. R., he having been appointed a member of the auditing committee.

The police are kept busy these days jailing traction workmen, who persist in getting drunk and wandering about the streets. Drunks are going into the jail and being hauled up before the magistrates at the rate of two or three a day. Marshal Craig arrested another workman this afternoon near the Farmers bank. Rushville needs a stone pile badly.

Gates Sexton, William McBride and Allen R. Holden, members of the city school board, Councilmen E. W. Ball, Frank S. Reynolds and Samuel Young, and Supt. Scholl, of the city schools, left today on a trip through the State to inspect school buildings at various places with a view toward ascertaining what kind of school buildings, amply sufficient for future needs, can be erected here for the least money.

SOCIETY NEWS

The Megee-Frazee Bowling club was entertained by T. W. Lytle last evening.

The Friday Afternoon club will meet with Mrs. T. A. Craig, of North Jackson street, tomorrow afternoon.

Miss Ella Wilson will entertain this evening at her home on East Second street, in honor of her guest, Miss Erla Roney, of Richmond.

The students of the high school will give a dance at the Woodmen's hall commencement night. Schnurr's orchestra will probably furnish the music.

The birthday surprise given Mrs. William Lockridge, of North Oliver street, last night, was a complete success. Fifty-one guests were present, including, William Higgs and family, Ed Short and family, James Warfield and family, James Wyrick and family, Clarence Richard and family, George French and family, Ed Smith and family, Omer Trobaugh and family, George King and family, William Stout and wife, Earl Baxter, Chas. Robinson, Joe Miller, Misses Ethel Applegate, Ethel Davis, Clara Gregg, Inez McCann and Mrs. M. Wise. Thomas Phillips and Mr. and Mrs. Will Stout furnished music for the occasion. Light refreshments were served.

AMUSEMENTS

Prof. Charles F. Hansen, the blind organist, of Indianapolis, one of the very best performers on that kind of instruments, the pipe organ, will give a recital under the auspices of the Pastor's Aid Society of the Christian church on next Friday night, May 11th. This will be a fine treat to all music lovers. The program will be as follows: Fantasie in C, Tours. Nocturn, Schumann. Allegro Symphonie, Salome. Largo, Handel. Coronation March, Meyerbeer. Morning, Grieg. Spring Song, Mendelssohn. Garrott from "Mignon," Thomas. Inermezzo, Mascagni. Prelude to Lohengrin, Wagner. Pilgrim's Chorus, Wagner. Storm Fantasie, Lemmens. Minuet, Bocherini. Festival March in D, Smart.
